In Search of the Genesis World Erich A von Fange

In Search of the Genesis World: Debunking the Evolution Myth strengthens readers' knowledge of creationism, offering a well-researched, Christian response to the origins of the world and the universe. The Bible is shown to be a faithful framework for the study of the ancient world. Each chapter concludes with study/discussion questions. Ideal for individual or small-group study. The book features 20 black and white photographs from the author's archaeological expeditions. In Search of the Genesis World examines the sciences that treat the ancient world. It seeks to answer the important question: How does the Bible hold up against 'science'? Obviously, the search must be conducted in a responsible manner. We must distinguish carefully between fact/truth and "spin".

From reader reviews:

George Hartzell:

Is it a person who having spare time and then spend it whole day simply by watching television programs or just lying on the bed? Do you need something new? This In Search of the Genesis World can be the respond to, oh how comes? It's a book you know. You are therefore out of date, spending your time by reading in this brand new era is common not a geek activity. So what these publications have than the others?

William Martin:

Within this era which is the greater individual or who has ability in doing something more are more special than other. Do you want to become among it? It is just simple method to have that. What you have to do is just spending your time not very much but quite enough to enjoy a look at some books. One of several books in the top listing in your reading list is usually In Search of the Genesis World. This book which is qualified as The Hungry Inclines can get you closer in getting precious person. By looking upward and review this book you can get many advantages.

Donald Sigman:

Do you like reading a publication? Confuse to looking for your selected book? Or your book was rare? Why so many question for the book? But almost any people feel that they enjoy with regard to reading. Some people likes reading, not only science book but novel and In Search of the Genesis World or even others sources were given knowledge for you. After you know how the good a book, you feel need to read more and more. Science reserve was created for teacher or maybe students especially. Those publications are helping them to add their knowledge. In some other case, beside science publication, any other book likes In Search of the Genesis World to make your spare time much more colorful. Many types of book like here.

Rosemarie Nicoll:

A number of people said that they feel bored when they reading a book. They are directly felt the idea when they get a half areas of the book. You can choose often the book In Search of the Genesis World to make your current reading is interesting. Your own skill of reading ability is developing when you just like reading. Try to choose easy book to make you enjoy you just read it and mingle the opinion about book and examining especially. It is to be initially opinion for you to like to wide open a book and study it. Beside that the reserve In Search of the Genesis World can to be your friend when you're truly feel alone and confuse using what must you're doing of the time.
