Life in Space: Astrobiology for Everyone

Lucas John Mix

Life in Space: Astrobiology for Everyone Lucas John Mix

A truly interdisciplinary endeavor, astrobiology looks at the evidence of astronomy, biology, physics, chemistry, and a host of other fields. A grand narrative emerges, beginning from the smallest, most common particles yet producing amazing complexity and order. Lucas Mix is a congenial guide through the depths of astrobiology, exploring how the presence of planets around other stars affects our knowledge of our own planet; how water, carbon, and electrons interact to form life as we know it; and how the processes of evolution and entropy act upon every living thing.
