## **Under a summer moon:**

Listen to a fox pup's first lap of rushing water, before he grows up and learns his place in life.

Follow a two-month-old peccary -- a mere piglet who braves the heat and the challenges of the Sonoran Desert of Arizona to find his mother.

Watch as a young mountain lion in Washington becomes a father to orphans -- and finally finds a mate.

In this series, acclaimed naturalist and Newbery Medal-winning author Jean Craighead George takes readers on a wondrous journey through each season of the year as she captures the lives of thirteen different North American animals in their natural habitats.
