## **The State in Myanmar** Robert H Taylor

The State in Myanmar is a completely revised, expanded, and updated version of The State in Burma (1987), with additional chapters covering the last twenty years of Myanmar's political history. It explains the country's current politics in light of the historical evolution of state-society relations in Myanmar since the precolonial kings, through the colonial era to the current, and third, postcolonial regime in this strategically important and little-studied Southeast Asian nation.
