New Habits: From sisterhood to motherhood Eleanor Stewart

The sequel to the popular *Kicking the Habit!* When Eleanor Stewart abandoned her vows and her life as a nun, she found herself in the middle of the swinging Sixties – and soon joined in. Boyfriends, parties, and mini-skirts took the place of silence and restraint, as she pursued her career as a midwife and the men she met with equal commitment. Troubled by her relationship with her mother, and what she saw as a growing estrangement from her faith, she finally falls in love and settles down – only to discover her past catching up with her, as she faces infertility. But with her husband at her side, they battle to adopt two children. Will the dream of a happy family, that drove her out of the convent, finally come true?
