Visualizing Financial Data Julie Rodriguez, Piotr Kaczmarek

A fresh take on financial data visualization for greater accuracy and understanding

Your data provides a snapshot of the state of your business and is key to the success of your conversations, decisions, and communications. But all of that communication is lost — or incorrectly interpreted — without proper data visualizations that provide context and accurate representation of the numbers. In *Visualizing Financial Data*, authors Julie Rodriguez and Piotr Kaczmarek draw upon their understanding of information design and visual communication to show you how to turn your raw data into meaningful information. Coverage includes current conventions paired with innovative visualizations that cater to the unique requirements across financial domains, including investment management, financial accounting, regulatory reporting, sales, and marketing communications.

Presented as a series of case studies, this highly visual guide presents problems and solutions in the context of real-world scenarios. With over 250 visualizations, you'll have access to relevant examples that serve as a starting point to your implementations.

- Expand the boundaries of data visualization conventions and learn new approaches to traditional charts and graphs
- Optimize data communications that cater to you and your audience
- Provide clarity to maximize understanding
- Solve data presentation problems using efficient visualization techniques
- Use the provided companion website to follow along with examples

The companion website gives you the illustration files and the source data sets, and points you to the types of resources you need to get started.

From reader reviews:

Joan Jackson:

Reading a reserve can be one of a lot of task that everyone in the world loves. Do you like reading book and so. There are a lot of reasons why people love it. First reading a publication will give you a lot of new details. When you read a book you will get new information due to the fact book is one of several ways to share the information or maybe their idea. Second, studying a book will make anyone more imaginative. When you studying a book especially fictional book the author will bring you to imagine the story how the character types do it anything. Third, it is possible to share your knowledge to some others. When you read this Visualizing Financial Data, you are able to tells your family, friends and soon about yours book. Your knowledge can inspire others, make them reading a e-book.

Fannie Wymer:

Would you one of the book lovers? If so, do you ever feeling doubt if you are in the book store? Make an effort to pick one book that you find out the inside because don't judge book by its cover may doesn't work is difficult job because you are scared that the inside maybe not as fantastic as in the outside appearance likes. Maybe you answer is usually Visualizing Financial Data why because the wonderful cover that make you consider concerning the content will not disappoint you actually. The inside or content is fantastic as the outside or cover. Your reading 6th sense will directly show you to pick up this book.

Leonard Santiago:

Many people spending their time period by playing outside using friends, fun activity together with family or just watching TV the entire day. You can have new activity to shell out your whole day by studying a book. Ugh, you think reading a book really can hard because you have to take the book everywhere? It okay you can have the e-book, having everywhere you want in your Smart phone. Like Visualizing Financial Data which is getting the e-book version. So , why not try out this book? Let's see.

Gerardo Roney:

This Visualizing Financial Data is brand-new way for you who has curiosity to look for some information as it relief your hunger of knowledge. Getting deeper you onto it getting knowledge more you know or perhaps you who still having tiny amount of digest in reading this Visualizing Financial Data can be the light food to suit your needs because the information inside that book is easy to get by anyone. These books produce itself in the form which can be reachable by anyone, yep I mean in the e-book application form. People who think that in e-book form make them feel tired even dizzy this reserve is the answer. So there is not any in reading a publication especially this one. You can find actually looking for. It should be here for anyone. So , don't miss it! Just read this e-book sort for your better life in addition to knowledge.
