## 17th European Symposium on Computed Aided Process Engineering (Computer Aided Chemical Engineering)

The **17th European Symposium on Computed Aided Process Engineering** contains papers presented at the 17th European Symposium of Computer Aided Process Engineering (ESCAPE 17) held in Bucharest, Romania, from 27-30 May 2007.

The ESCAPE series serves as a forum for scientists and engineers from academia and industry to discuss progress achieved in the area of Computer Aided Process Engineering (CAPE). The main goal was to emphasize the continuity in research of innovative concepts and systematic design methods as well the diversity of applications emerged from the demands of sustainable development. ESCAPE 17 highlights the progress software technology needed for implementing simulation based tools.

The symposium is based on 5 themes and 27 topics, following the main trends in CAPE area: Modelling, Process and Products Design, Optimisation and Optimal Control and Operation, System Biology and Biological Processes, Process Integration and Sustainable Development. Participants from 50 countries attended and invited speakers presented 5 plenary lectures tackling broad subjects and 10 keynote lectures. Satellite events added a plus to the scientific dimension to this symposium.

\* All contributions are included on the CD-ROM attached to the book

\* Attendance from 50 countries with invited speakers presenting 5 plenary lectures tackling broad subjects and 10 keynote lectures

### **From reader reviews:**

#### **Paul Holt:**

Have you spare time for any day? What do you do when you have far more or little spare time? Yep, you can choose the suitable activity to get spend your time. Any person spent their very own spare time to take a walk, shopping, or went to the particular Mall. How about open or perhaps read a book titled 17th European Symposium on Computed Aided Process Engineering (Computer Aided Chemical Engineering)? Maybe it is to be best activity for you. You understand beside you can spend your time with your favorite's book, you can better than before. Do you agree with it has the opinion or you have other opinion?

#### **Elliott Preciado:**

In this 21st millennium, people become competitive in most way. By being competitive at this point, people have do something to make these people survives, being in the middle of often the crowded place and notice by simply surrounding. One thing that often many people have underestimated it for a while is reading. Yeah, by reading a publication your ability to survive increase then having chance to stand than other is high. For yourself who want to start reading the book, we give you this 17th European Symposium on Computed Aided Process Engineering (Computer Aided Chemical Engineering) book as beginning and daily reading reserve. Why, because this book is usually more than just a book.

#### **Wayne McKnight:**

Now a day people that Living in the era where everything reachable by connect with the internet and the resources included can be true or not involve people to be aware of each information they get. How a lot more to be smart in getting any information nowadays? Of course the solution is reading a book. Studying a book can help persons out of this uncertainty Information mainly this 17th European Symposium on Computed Aided Process Engineering (Computer Aided Chemical Engineering) book as this book offers you rich details and knowledge. Of course the information in this book hundred percent guarantees there is no doubt in it as you know.

#### **Kelly Mays:**

Nowadays reading books become more and more than want or need but also be a life style. This reading practice give you lot of advantages. The advantages you got of course the knowledge the rest of the information inside the book this improve your knowledge and information. The details you get based on what kind of publication you read, if you want send more knowledge just go with schooling books but if you want sense happy read one with theme for entertaining for example comic or novel. Often the 17th European Symposium on Computed Aided Process Engineering (Computer Aided Chemical Engineering) is kind of reserve which is giving the reader capricious experience.
