From the acclaimed author of *Birdmen* comes a revelatory new history of the birth of the automobile—an illuminating and entertaining true tale of invention, competition, and the visionaries, hustlers, and swindlers who came together to transform the world. With a narrative as propulsive as its subject, *Drive!* plunges us headlong into a time unlike any in history, when manic innovation and consumerist zeal coalesced to forever change the way people got from one place to another.
