## **Wings Across Canada: An Illustrated History of Canadian Aviation** Peter Pigott

From the eccentric Fairey Battle to the lethal-looking CF-18, from modern airliners that have no defects (and no character) to the classic North Star (which had both), here is the ultimate line-up of the aircraft that have served Canadians in the last century. With over one hundred photographs of fifty historic planes, *Wings Across Canada* is a retrospective of Canada's aeronautical technology. This book does not compare the planes, nor claim that all are "classics" in the traditional sense of the word. Instead, it is a celebration of a love affair with aircraft that all served a purpose in their own time.
