Ether, God & Devil & Cosmic Superimposition Wilhelm Reich

These companion volumes, long out of print, are now presented together for the first time so that the reader may better grasp their essential unity. In *Ether, God and Devil*, Wilhelm Reich describes the process of functional thinking and reveals how the inner logic of this objective thought technique led him to the discovery of cosmic orgone energy.

In *Cosmic Superimposition*, Reich steps beyond the character structure of man to an understanding of how man is rooted in nature. The super-imposition of two orgone-energy systems which is demonstrable in the genital embrace is revealed as a common functioning principal that exists in all of nature. Concluding this work, Reich returns to the human sphere "to ponder about the greatest riddle of all: the ability of man to think, and by mere thinking to know what nature is and how it works."
