Be Beautiful: 11 (Saggistica e varia) (Italian Edition) Paolo Casti

Una cosa è certa, per missione biologica la donna è stata destinata a portare avanti la specie umana; la natura, che le ha affidato questo destino, talvolta non privo di sofferenze sconosciute ai maschi, ha anche provveduto a facilitarle il ruolo, rendendola attraente e predisposta alle relazioni interpersonali.

La relazione con gli altri, per la donna, è parte fondante della propria esistenza quindi non c'è da stupirsi se, più dell'uomo, ci tiene ad essere bella, presentabile o seducente e, per quanto fastidioso per molti, è plausibile l'utilizzo di queste doti anche in attività diverse da quelle strettamente legate al suo dovere biologico.

Senza la pretesa di fornire un quadro esaustivo o completo, ho fatto un viaggio nel tempo cercando di trovare l'epicentro dei fenomeni che, a mio parere, hanno influenzato i gusti e le tendenze, contaminando e progressivamente evolvendo il concetto di bellezza.

Paolo Casti - Architetto, designer, manager.

Coniuga le sue passioni per arte e scienza nella professione atipica del pubblicitario che, in un percorso lungo trent'anni, gli ha consentito di conoscere e collaborare con le aziende ed i marchi più attivi nel mondo della comunicazione globale.

Maestro nel riconoscere i modelli ricorrenti e virtuoso della scrittura e del disegno, ha interpretato e raccontato con linguaggio pop, riferimenti colti e citazioni originali il passato, il presente ed il futuro del suo mondo in ambito accademico, istituzionale ed imprenditoriale.
