It is one of the few books intended to teach children the mechanics of music and singing. This series goes well beyond simply encouraging kids to parrot popular songs. In a simple building block type format it covers all the basics. Included are voice exercises, music theory, music notation, ear-training and sight singing. In the final chapters, this volume combines all of the lessons covered and applies them to popular children's songs. By learning basic concepts in Level 3, and then applying them, the student will be able to actually read the notes and sing many other popular children's songs. Maylyn Murphy's Beginning Easy Singing Lesson Level 3 could be the start of something beautiful for your child.
