The Great Cosmic Mother: Rediscovering the Religion of the Earth Monica Sjoo, Barbara Mor

This classic exploration of the Goddess through time and throughout the world draws on religious, cultural, and archaeological sources to recreate the Goddess religion that is humanity's heritage. Now, with a new introduction and full-color artwork, this passionate and important text shows even more clearly that the religion of the Goddess--which is tied to the cycles of women's bodies, the seasons, the phases of the moon, and the fertility of the earth--was the original religion of all humanity.
