## **Apontamentos sobre a via de comunicação do rio Madeira (Portuguese Edition)** António Rebouças

Quando, em 1868, achando-me em Santiago do Chile, emprehendi os estudos que derão em resultado a presente Memoria, tinha em vista requerer dos governos do Brasil e da Bolivia o privilegio para a construcção e custeio de uma estrada, transitavel a vehiculos de rodas, ligando a navegação do baixo á do alto Madeira e para o trafego por meio de vapores do Mamoré, e Guaporé e dos outros rios dessa região. Esse intento, porém, frustou-se por causa de meu regresso ao Brasil em Abril do mesmo anno e ter seguido logo, em meados de Junho, para a provincia do Paraná a dirigir a exploração de uma estrada de rodagem com destino a Matto Grosso, commissão que tive a felicidade de concluir no fim do anno passado. Achava-me pois distrahido inteiramente de meus planos sobre a via de comunicação do rio Madeira, quando vi publicado o Decreto de 20 de Abril do corrente anno, concedendo ao coronel George E. Church o privilegio para uma ferro-via lateral ás cachoeiras e para a navegação a vapor da parte superior daquelle rio. Congratulando-me por ver em caminho de realização um projecto de tanto alcance politico, commercial e civilizador, a bem do Brasil e de uma Nação vizinha e amiga, pareceu-me não ser inoportuno dar à luz da imprensa uma Memoria, onde eu demonstrára os elementos com que podia contar para fundar-se e progredir a empreza que tomasse a si levar a effeito a mesma obra
