Medallions (Jewish Lives) Zofia Nalkowska

Considered a masterpiece of antifascist world literature, *Medallions* stands as the culmination of Nalkowska's literary style, a style the Polish writer Witold Gombrowicz once described as "the iron capital of her art and one of the very few exportables in our national literature." More than mere historical record, *Medallions* offers the reader startling immediacy, the repetition of an event as it persists in the testimonial present, in the scars on the consciousness and conscience of individuals.
