How to Face the realities of life...

At the beginning of married life, the romantic thrills it brings are always overestimated, the responsibilities underestimated, and the uncertainties ignored altogether. The realities of marriage shock every couple at one point or another. Yet, with all its problems, this institution is nowhere near extinction. A School Called Marriage aims at buffering the inevitable reality-check and guiding you to the path of mutual bliss.

Starting with the significance of choosing the right partner, to dealing with life and all its issues after marriage, the book looks at the entire spectrum of intimacy, parenting, relationship with extended family, work-family balance, and much more. Enriched and illustrated by a large number of case studies, the book discusses dimensions and circumstances that are bound to make their way through the strongest of marriages. Not left out are also some unconventional choices such as lifelong bachelorhood, live-in relationships, role of sex, divorce, and the struggle for power and control in relationships.

The authors – Dr Ramesh Bijlani and Dr Arpita Lal – a father-daughter team, bring to the book the wisdom culled from their extensive professional experience; the wisdom that is needed for turning marriage from a necessary evil into a mutually enriching relationship.
