Australian Soul: Religion and Spirituality in the 21st Century

Gary Bouma

Australian Soul: Religion and Spirituality in the 21st Century Gary Bouma

Australian Soul challenges the idea that religious and spiritual life in Australia is in decline. This fascinating book describes the character of religious and spiritual life in Australia today, and argues that, far from petering out, religion and spirituality are thriving. Gary Bouma, the leading expert on the state of religious life in Australia, provides the most up-to-date facts and figures and compares the 'tone' of Australian religious practices with those of other countries. Australians might be less vocal and more reticent about their religion than Americans are, but their religious and spiritual beliefs are no less potent. Australian Soul describes and analyses our religious and spiritual life in detail as well as providing a series of case studies that illustrate the range of practices and beliefs in Australia today. Australian Soul predicts a vital future for religion and spirituality.
