Classic Georgian Style Henrietta Spencer Churchill

In *Classic Georgian Style* Henrietta Spencer-Churchill explores the Age of Elegance, a heritage which is strongly evident in her own classic style. She tours a variety of Georgian houses and estates throughout the British isles to give a fascinating overview of the period (1700-1830).

Looking first at the styles and fashions of the time, we are given a real sense of Jane Austen's England-- the refined elegance of the furniture, the classic lines of the architecture and the rolling slopes of Capability Brown's landscapes. Next comes a detailed look at Georgian exterior elements-- the architecture in its setting, including town and country buildings, cottages and grand estates, courtyards and lodges, follies and outbuildings. Moving indoors, we examine the rooms and decor in fine detail, from hallway to living room, staircase to bedroom, with all the furniture, moldings, finishes and textiles that made the era unique.

A final, invaluable section in this complete source of Georgian style provides a palette of paint colors and short biographies and style guides of the influential architects, cabinetmakers and craftsmen of the period, such as Robert Adam and George Hepplewhite.

Illustrated throughout with specially commissioned color photographs and original architectural drawings and plans, *Classic Georgian Style* is an essential resource for details of the period. Lade Henrietta Spencer-Churchill's own decorating sense informs her authoritative discussion of the style to allow an understanding of the spirit of period decoration and its place in today's interiors. This is a beautiful guide for decorators, collectors and those who cherish the refined tastes of Georgian England.
