African Yearbook of International Law (African Yearbook of International Law (Annuaire Africain de Droit in)

The African Yearbook of International Law provides an intellectual forum for the systematic analysis and scientific dissection of issues of international law as they apply to Africa, as well as Africa's contribution to the progressive development of international law. It contributes to the promotion, acceptance of and respect for the principles of international law, as well as to the encouragement of the teaching, study, dissemination and wider appreciations of international law in Africa. A clear articulation of Africa's views on the various aspects of international law based on the present realities of the continent as well as on Africa's civilization, culture, philosophy and history will undoubtedly contribute to a better understanding among nations. The African Yearbook of International Law plays an important role in examining the tensions underlying the State in Africa, and by shedding more light on the causes of the fragility of African State institutions so as to facilitate the identification of appropriate remedies. The tension and interrelationships among issues such as territorial integrity, self determination, ethnic diversity and nation-building are constantly addressed. Development, human rights and democratization in Africa are also the subject of continuous attention and examination. The structure of the first two volumes - consisting of a special theme, individual articles, notes and comments, book reviews and basic documents - will be reflected to the extent possible in future volumes, but will also be constantly improved with the addition of new features and areas of study. The African Yearbook of International Law will attract more contributions in the future from African international lawyers currently teaching or practising in Africa. Most of those who have toiled to make the first volume a reality are now working outside the continent. They are, however, all determined to see to it that this intellectual forum will serve first and foremost the teachers and practitioners of international law in Africa.
