Donald Barthelme

Flying to America: 45 More Stories Donald Barthelme

Donald Barthelme was one of the most influential and inventive writers of the 20th century. In this volume of unpublished and previously uncollected stories, he transforms the absurd and strange into the real in his usual epiphanic, engaging, and richly textured style. The stories delve further into themes that often interested Barthelme: the perils of the unfulfilled existence; the relationships between politics, art, sex, and life; and the importance of continuing to ask questions even though we are unable to learn the answers. This collection will delight both old fans and new readers.
