North African Cretaceous Carbonate Platform Systems (Nato Science Series: IV:)

North African Cretaceous Carbonate Platform Systems (Nato Science Series: IV:)

This volume arises from the NATO Advanced Research Workshop (ARW) on 'North African Cretaceous rudist and coral formations and their contributions to carbonate platform development', which was held in Tunisia, on 13-18 May, 2002. It was convened by M. El Hedi Negra (Universite 7 Novembre de Carthage, now Universite de Tunis El Manar, Tunisia) and Eulalia Gili (Universitat Autònoma de Barcelona, Spain). The aims of the ARW were: (1) to review and critically assess currently available data on rudist/coral formations in North African Cretaceous carbonate platforms, and their correlations, and to integrate these data with other studies around the Mediterranean; (2) to place the findings in a global context, noting both similarities with other regions of platform development as well as local differences, and (3) exploring possible reasons for these; and to help promote the creation of a vibrant peri-Mediterranean collaborative research community, embracing researchers from the entire region, to carry forward this ambitious research programme. Twenty-two presentations (oral and poster) provided both topical reviews (covering rudist evolution, and ecology, mineralogical changes, applications of strontium isotope, and graphic correlation methods, and platform typology) as well as regional syntheses (Tunisian reservoirs, Moroccan platform history, Tunisian platforms and rudist/coral facies, Algerian platforms, and Egyptian platforms). Fifteen of these presentations are expanded here as papers. The workshop was attended by 24 academic staff, 4 geologists from the oil industry, plus several observers and students.

From reader reviews:

Billy Benitez:

The book North African Cretaceous Carbonate Platform Systems (Nato Science Series: IV:) make one feel enjoy for your spare time. You need to use to make your capable much more increase. Book can to be your best friend when you getting stress or having big problem with your subject. If you can make studying a book North African Cretaceous Carbonate Platform Systems (Nato Science Series: IV:) for being your habit, you can get a lot more advantages, like add your current capable, increase your knowledge about several or all subjects. You may know everything if you like open up and read a reserve North African Cretaceous Carbonate Platform Systems (Nato Science Series: IV:). Kinds of book are a lot of. It means that, science guide or encyclopedia or some others. So , how do you think about this book?

Deborah Mazzarella:

Do you have something that you want such as book? The publication lovers usually prefer to opt for book like comic, short story and the biggest some may be novel. Now, why not attempting North African Cretaceous Carbonate Platform Systems (Nato Science Series: IV:) that give your fun preference will be satisfied by simply reading this book. Reading behavior all over the world can be said as the opportunity for people to know world far better then how they react toward the world. It can't be claimed constantly that reading behavior only for the geeky man but for all of you who wants to become success person. So , for all you who want to start reading through as your good habit, you are able to pick North African Cretaceous Carbonate Platform Systems (Nato Science Series: IV:) become your personal starter.

Michael Marx:

Beside this specific North African Cretaceous Carbonate Platform Systems (Nato Science Series: IV:) in your phone, it might give you a way to get nearer to the new knowledge or data. The information and the knowledge you may got here is fresh from your oven so don't be worry if you feel like an aged people live in narrow town. It is good thing to have North African Cretaceous Carbonate Platform Systems (Nato Science Series: IV:) because this book offers for your requirements readable information. Do you occasionally have book but you don't get what it's about. Oh come on, that will not end up to happen if you have this in the hand. The Enjoyable set up here cannot be questionable, including treasuring beautiful island. Use you still want to miss the idea? Find this book in addition to read it from right now!

Lee Witherspoon:

Reading a reserve make you to get more knowledge from this. You can take knowledge and information originating from a book. Book is created or printed or outlined from each source this filled update of news. On this modern era like currently, many ways to get information are available for a person. From media social just like newspaper, magazines, science book, encyclopedia, reference book, book and comic. You can add your understanding by that book. Ready to spend your spare time to spread out your book? Or just

seeking the North African Cretaceous Carbonate Platform Systems (Nato Science Series: IV:) when you desired it?
