Icebreaker: A Manual for Public Speaking Tracey L. Smith, Mary Tague-Busler

The latest edition of Icebreaker—a practical, hands-on guide to public speaking for those with little or no experience—demonstrates a sequence of nine steps in the speech process: select a general topic, focus your topic, consider your specific purpose, organize your speech, research your topic, create presentation aids, create speech notes, practice, and deliver your speech. A distinctive series of opening questions reflectively introduce a particular public speaking/oral communication element. From the start, the questions cue readers to focus on key concepts and to watch for answers that lie ahead. “Strengthen Your Skills” exercises help readers practice essential components of public speaking. Discussion questions prompt readers to consider practical and personal applications as well as to gauge comprehension. Icebreaker provides a valuable framework for future speakers to become confident and competent.
