Porcelain Vol. 2: Bone China Benjamin Read

More than a decade has passed since the events of Porcelain: A Gothic Fairy Tale, and Child has become Lady. Inheritor of all of Uncle's secrets and wealth, she has continued his work, becoming equally as isolated in her quest to refine the Porcelain and put right past mistakes.

With the Porcelain more sought after than ever, Lady comes to the attention of a ruthlessly ambitious General who desires inhuman soldiers for the war effort and won't take no for an answer. Other, more human, problems rear their head when a handsome young Captain discovers a secret part of Lady's life.

Faced with impossible choices, Lady must forge her own path through the complexities of love and war.
