Fully revised and updated, Pathophysiology Made Incredibly Visual, Second Edition, offers an innovative visual approach to mastering the principles of pathophysiology. Using the Incredibly Easy! approach to learning, which breaks complex concepts into manageable pieces of information, the book combines detailed images with clear, concise text to make pathophysiology concepts easy to understand. Hundreds of detailed color photographs, diagrams, charts, and other visual aids clarify essential pathophysiology concepts, and key terms and topics are clearly explained. Special sections present visual mnemonics and reinforce key points, including a summary of risk factors for each clinical disorder.
