Garden Style ---Better Homes and Gardens

Garden Style ---Better Homes and Gardens

Shows how gardeners, designers, and other individuals use indoor and outdoor spaces, plants, furnishings, art, and accessories to express garden style year-round in any region.

First book to distinctly identify and define garden style as more than a trend—rather a design approach with staying power.

Builds on gardening as the country's number one pastime and, now, as a leading design inspiration.

Five before-and-after makeover projects inspire readers into action.

Helps readers create garden rooms in every room of the house and bring the outside inside year-round.

Four sections: "Creating Fresh-Air Spaces" (decorating porches, patios, decks, potting sheds, and outdoor rooms), "Bringing the Outdoors In" (decorating every room in the house, even foyers, powder rooms, and nurseries), "Living the Garden Life" (profiles of garden style from Connecticut to California in urban, suburban, and rural settings), and "Sources and Inspirations" (top resources in every region for decorative furnishings, accessories, and plants).

Special attention to porches, patios, and decks.

Ideas range from clever and casual to elegantly formal.

A list of 300 national resources helps readers easily find products across the country.

Shows the array of furnishings, plants, and accessories from home and garden centers and catalogs.

From reader reviews:

Tracy McCulloch:

Spent a free time and energy to be fun activity to do! A lot of people spent their free time with their family, or all their friends. Usually they performing activity like watching television, planning to beach, or picnic inside park. They actually doing same every week. Do you feel it? Will you something different to fill your own free time/ holiday? May be reading a book could be option to fill your no cost time/ holiday. The first thing that you will ask may be what kinds of book that you should read. If you want to attempt look for book, may be the publication untitled Garden Style ---Better Homes and Gardens can be good book to read. May be it might be best activity to you.

Robert Caceres:

Your reading 6th sense will not betray you actually, why because this Garden Style ---Better Homes and Gardens guide written by well-known writer we are excited for well how to make book that could be understand by anyone who have read the book. Written with good manner for you, dripping every ideas and creating skill only for eliminate your current hunger then you still hesitation Garden Style ---Better Homes and Gardens as good book not only by the cover but also with the content. This is one reserve that can break don't ascertain book by its handle, so do you still needing an additional sixth sense to pick this!? Oh come on your reading sixth sense already told you so why you have to listening to yet another sixth sense.

Christopher Decker:

This Garden Style ---Better Homes and Gardens is great e-book for you because the content which is full of information for you who always deal with world and possess to make decision every minute. This specific book reveal it data accurately using great plan word or we can state no rambling sentences within it. So if you are read this hurriedly you can have whole info in it. Doesn't mean it only offers you straight forward sentences but tough core information with lovely delivering sentences. Having Garden Style ---Better Homes and Gardens in your hand like having the world in your arm, facts in it is not ridiculous one particular. We can say that no guide that offer you world within ten or fifteen tiny right but this publication already do that. So , it is good reading book. Hey Mr. and Mrs. occupied do you still doubt that will?

Sean Martinez:

As we know that book is essential thing to add our knowledge for everything. By a e-book we can know everything we really wish for. A book is a pair of written, printed, illustrated or blank sheet. Every year has been exactly added. This e-book Garden Style ---Better Homes and Gardens was filled about science. Spend your time to add your knowledge about your technology competence. Some people has distinct feel when they reading a book. If you know how big advantage of a book, you can really feel enjoy to read a book. In the modern era like today, many ways to get book that you wanted.
