What's Wrong with My Child?: From Neurological and Developmental Disabilities to Autism...How to Protect Your Child from B12 Deficiency Sally Pacholok, Jeffrey Stuart

"What's Wrong with My Child?" is the only book for parents that offers a complete guide to detecting and preventing pediatric disorders caused by B12 deficiency. Written by Sally Pacholok and Dr. Jeffrey Stuart, authors of the acclaimed "Could It Be B12?", "What's Wrong with My Child?" offers parents critical information about protecting children from B12 deficiency from early fetal development through adolescence. Written in a highly accessible style that makes complex medical information clear to general readers, "What's Wrong with My Child?" presents strategies for healthy nutrition for mothers during pregnancy and breastfeeding, early intervention for infants and young children, and detecting subtle to severe symptoms of B12 deficiency in older children and teenagers. "What's Wrong with My Child?" will help readers learn the warning signs of childhood B12 deficiency, prevent serious injury with timely intervention, and work with health care professionals to get effective treatment for their children.
