## **God and Gold: Britain, America, and the Making of the Modern World** Walter Russell Mead

A stunningly insightful account of the global political and economic system, sustained first by Britain and now by America, that has created the modern world.

The key to the two countries' predominance, Mead argues, lies in the individualistic ideology inherent in the Anglo-American religion. Over the years Britain and America's liberal democratic system has been repeatedly challenged—by Catholic Spain and Louis XIV, the Nazis, communists, and Al Qaeda—and for the most part, it has prevailed. But the current conflicts in the Middle East threaten to change that record unless we foster a deeper understanding of the conflicts between the liberal world system and its foes.
